Happy Hearts.

It has been said that the course of true love never runs smooth, and that love's young dream never materializes. It is our pleasant duty this morning to chronicle an exception to this rule in noting one of the most pleasant social groom, and Miss Lena Wirtz, a sister of the bride, were the attendants. The groom is a son of the late James M. Swords, former proprietor of the Vicksburg Herald, and one of the most popular young men in the city, he baving just gained his majority. The bride, a petite and comely brunette, was a protege of Madame Ferguson. From childhood these two happy young people have been attached to each other, without a single cloud to taraish or mar the serenity of love's young dream.

They have loved and awaited the coming of that time when they could elect for themselves. The marriage ceremony and tableaux was very impressive. The bride wore white satin, entrain, with Spanish lace and white flowers, and supporting the train were Masters Trowbridge and Jacquith, aged respectively seven and eight years, both of whom were great fayorites of the bride and groom. The bridal party left by the Mississippi Valley route last night for Louisville and Niagara Falls, bearing with them the blessings and congratulations of all who knew them, the C. H., being of the number.

How to get Strong.

Dumb-bells and horizental bars, Indian clubs and the trapeze are valuable under certain conditions, but they are detrimental rather than beneficial if the blood is poor and thin and poisoned with bile. Use of the muscles necessitates waste as well as induces growth. If the blood does not carry sufficient nutritive material to repair the waste, loss of strength necessarily follows, and growth is out of the question. Purify and enrich your blood with Dr. Pierce's "Golden Medical Discovery" and then exercise will develop and not consume your physique. c

Bovina and Tiffin Town. The Bovina and Tiffin Town clubs met pursuant to appointment. Mr. A. H. Cook was called to the chair, and J. A. Bullock as secretary. A motion by Mr. James Newman was offered and carried, that the object of this meeting be deferred until Saturday the 5th day of September, which is the day appointed by the President of the district club for the purpose of beat nominations, and to send delegates to the county convention. There being no further business, the club then adjourned to meet on Saturday, the 5th day of September. A. H. Cook, Pres., J. A. BULLOCK, Sec'y.

The Clangor of an Alarm Bell Clase by, in the stiliness of the night, could scarcely startle the ordinary individual more than do triling noises the nervous invalid. But once the nerves are braced and the system in vigorated with Hostetter's Stomach Bitters this abnormal sensitiveness is succeeded by a tranquility not to be distarbed by trivial causes. Impaired digestion is a fertile cause of nerve weakness and unnatural mental gloem, and a vigorous renewal of the action of the stomach is one of the surest means of invigorating and quetting the nerves. Insomnia, or sleeplessness, a form of nervous disease, is unquestionably benefited by senditives, when it is prolonged, of frequent occurrence, but its permanent removal is more effectually achieved with the Bitters. This medicine is also signally efficacious for malaria, rheumatism, constipation, liver complaint and torpidity of the kidneys and biadder. The Clangor of an Alarm Bell

The Deed of a Vandal.

We are told that a short time since some human ghouls entered the private burial ground of the old Wm. J. Minor place, near this city, and broke open the wault containing the remains of the mother of the late Wm. J. Minor. The marble slab in the vault was broken into several piece. The coffin that contained the remains of the deceased, which was encased in zine, was also broken open. The common report in reference to the desecration is that it was done by negroes who were in search of treasure. It would not be well for the perpetrators of this act to become known, for if they did they would be prosecuted and punished.

As to Mrs. Grundy.

This potent personage has been allowed to rule too despotically in the feminine world, and the ladies say that it is time her tyranny received a check. But not even Mrs. Grundy has dared to speak against the value of Brown's Iron Bitters as a strengthening tonic for ladies who suffer from debility. It enriches the blood and completely restores failing health. Miss Sallie L. Paules, Wrightsville, Pa., was cured by Brown's Iron Bitters of back-ache, kidney trouble, and liver complaint.

The Times and Mr. Parnell's Speech.

LONDON, Sept. 2 .- The Times this morning, referring to Mr. Parnell's speech last night, says: "We are glad Mr. Parnell has at last denounced outrages in Ireland. If he had done so before, the coercion act would not have been necessary. He must not, how-ever, deceive himself. 'Impossible,' is the only reply to his demand for in-dependence."
